EDUCATION

Purbanchal University ,Bachelor in computer engineering(last year)

- **Acme engineering college (Kathmandu)**

Professional Summary

Motivated Computer Engineering student interested in data analysis, machine learning, and AI, with knowledge of Python, SQL, Power BI, and data visualization tools. Passionate about applying analytical skills to real-world projects and seeking an AI/ML internship to gain practical experience in data analysis, model building, and problem-solving.

TECHNICAL SKILLS

1. **Programming and development**
   - *Python, C, C++,SQL*

2. **Project Management**
   - Planning,Communication,Leadership,Adaptability
   - Time management,Problem-solving
   - Conflict resolution

3. **Data Analysis & ML**
   - *Python (Numpy ,pandas ,matplotlib,seaborn,Scikit-learn ,Web scrapping)*

4. **Data tools**
   - *Excell,Tableau,PowerBI,Orange*

5. **Databases**
   - *SQL (Sqlite, Postges,Mysql, DBeaver),*
   - *tools :Git & GitHub by using vs code*

6. **Basic knowledge of machine learning and deep learning**
   - liner regression
   - logistic regression
   - Decesion tree
   - Random forest

7. **Hardware & IOT**
   - *Aurdino IDE - basic of microcontroller proramming*

PROJECTS

Project 1:- sales data analysis & Cenus data analysis project by self

- githublink:https://github.com/pinkimahato9814-afk/data_analysis_project2
- https://github.com/pinkimahato9814-afk/freecodecamp_data_analysis_project1

Project 2:-basic machine learning project(pandas,numpy,scikit-learn)

- githublink:-https://github.com/pinkimahato9814-afk/Machine_learning_project

Project 3:-ATM management (by using C++,filebased)

- githublink:-https://github.com/pinkimahato9814-afk/ATM_project

Project 4:Portfolio websites(Html by help of chatgpt)

- githublink: https://github.com/pinkimahato9814-afk/Portfolio-Website
